

Harrogate & District

AGM FOR OLDER PEOPLE'S FORUM

The Over 50s Forum, set up to provide a voice for older people in the Harrogate District, will hold its AGM on March 27th from 2-4 pm in the Council Chamber at Harrogate Borough Council Offices, Crescent Gardens, HG1 2SG

The Forum will look back at some of its achievements for the last year which include representing the views of older people in the district to health providers, social care providers and bus companies, as well as running information events, involving the fire brigade, police, Trading Standards and Winter Warmth. Come along and hear about the life of one very active older person and meet lots of others who are similarly active! There is also the opportunity to meet a number of council members from Harrogate Borough Council and North Yorkshire County Council and the Mayors of Harrogate and Knaresborough.

The Harrogate & District Over 50s Forum was launched in July 2012 to provide a means for older people in the area to come together and consider issues, both locally and nationally, that affect their lives and to have a voice and influence on the policies and services that affect them. The Forum is an independent voluntary body run by older people for older people.

Ends
